## Summary

---

I am a highly skilled and experienced frontend engineer with a passion for building intuitive, user-friendly websites and applications. With a strong background in HTML, CSS, JavaScript, TypeScript, and various front-end frameworks (Tailwind, Next.js, React.js, Angular, MUI, Bootstrap, etc.), I have a proven track record of creating high-performing and visually appealing interfaces. In addition to my technical abilities, I am a strong collaborator and communicator, able to work effectively with cross-functional teams to deliver successful projects. I am always keeping up with the latest industry trends and technologies to continuously improve my skills and deliver cutting-edge solutions to my clients/employers.
